

Overview of Procurement Policies

The Prince William County Procurement Regulations require the County to compete its requirements, to the maximum practicable extent, giving all qualified firms an opportunity to compete on an equitable basis to ensure the County receives the best value.

All solicitations valued at \$30,000 or more for supplies and services are posted at pwcgov.org/bid. The solicitation documents can be downloaded from that site. Some bid opportunities may be advertised in local newspapers. Firms that do not have access to the Internet or have difficulties using the web site may call the Procurement Services Division.

Formal procurements estimated to be more than \$100,000 are made competitively by one of the following:

1. **Sealed Bids:** An Invitation for Bids (IFB) is issued describing the supplies or services and asking for bids due on a specific date. All bids are opened at a formal, public bid opening and a bid tabulation is posted on the website. Award is made to the lowest responsive and responsible bidder.
2. **Proposals:** A Request for Proposal (RFP) is issued describing the supplies or services and how the County will evaluate the proposals submitted. The evaluation may involve discussions and negotiation. Award is made to the firm that offers the best overall value to the County.

For purchases valued at more than \$30,000 and less than \$100,000 for supplies and services, the Procurement Services Division issues a Request for Quotation (RFQ). At least three firms shall be contacted to submit a quote.

Purchases under \$5,000 are made directly by the Using Department.

Supplier Registration

To register with Prince William County:

1. Go to: www.pwcgov.org/bid
2. Click on Vendor Registration/Login
3. Select Vendor Registration
(Note: Download the Instructions underneath the tab to use as a guide.)
4. Enter your Company/Individual Details, Contact Information, Address, Business Classification, Product and Services, and Banking Details.
(Products and Services are codes used to categorize vendor capabilities and individual procurements. If one of the codes from your vendor profile is included in a formal solicitation, you will receive a notification.)
5. Submit your entry to complete your registration process.
(You will receive an email confirmation that your registration is being processed.)

The Prince William County Procurement Regulations require that all firms register with the County prior to receiving a contract award. An approved supplier may receive notice of solicitations that fall within the selected capabilities. Due to legal and security issues, each supplier must complete their own online registration at our secure website. Each supplier will create a User ID and Password and make any future changes to their information in our database.
